

Corvette Suspension Packages

The world leader in suspension technology, Penske Racing Shocks have won many races and championships in F1, ALMS, Indy Car, GARRS, and NASCAR. That same race-winning technology is now offered in the highest quality shock packages available for Corvettes.

The 8700 Series triple adjustable package features a single shaft rebound adjuster and high and low-speed compression adjustments on the canister. This series shock has a successful racing heritage that continues to dominate at the highest levels of professional motorsport.

The 8300 Series double adjustable package features a single shaft rebound adjuster and high-speed compression adjustment on the canister. The 8300 is the latest entry-level, double adjustable shock offered by Penske Racing Shocks.

The 7500 Series is available as a sealed, non adjustable unit or with a single shaft adjuster. The most universal Penske Racing Shock, the 7500 is ideal for a simple, high-performance suspension upgrade to your Corvette.

Penske Suspension Packages are a proven race and street package that will add to the performance of your Corvette. Tested by both professional and advanced drivers, the Corvette Packages yielded quicker lap times just from simply bolting them onto the car.

7500 Adjustable Shown

PS-87C5/C6	3-way Adjustable (2 compression, 1 rebound)	\$ 5,040 / set
PS-83C5/C6	2-way Adjustable (1 compression, 1 rebound)	\$ 3,080 / set
PS-75C5/C6	1-way Adjustable (rebound, compression, or open bleed bypass)	\$ 2,320 / set
PS-75NAC5/C6	Non Adjustable	\$ 1,980 / set

Shocks are also available with a dual bleed shaft adjuster which allows independent adjustment of the amount of bleed past the main piston in both the rebound and the compression adjuster.

The Corvette Suspension Package fits all C5, C6, and Z06 models. Spring hardware is available for coil over applications in 2.25" ID.

All Penske Racing Shocks are hand-built, tailored to your driver feel or car set-up, and dyno tested, insuring the highest attention is paid to detail, consistency, and performance.
